

The Mission of God

Psalm 96

August 27, 2017

1. The Mission of God is first for the glory of God.

- God is preeminent.
- God is the God of all the nations, and all who worship must worship him.
- God is Creator and Restorer.

2. The Mission of God extends to all creation.

- God alone rightly deserves worship from all creation.
- God is the God of all people and has authority over them.
- God's rule extends over all creation.

3. The Mission of God is fulfilled through disciples making disciples.

- We are compelled to act on his behalf.
- We are created - and redeemed - for this mission.
- We are commissioned to the eschatological joy of participating in his mission.

So What?

- Do I worship God in a manner that honors his glory?
