

The Person and Work of Christ – Week 12

1. We need atonement because:

- (a) Separation from fellowship with God
- (b) Slavery to sin
- (c) Death
- (d) Bearing God's wrath

2. The cause of the atonement is rooted in:

- (a) Good pleasure of God to save sinners
- (b) Not an arbitrary choice
- (c) Founded in the love of God
- (d) Founded in the justice of God

3. The Atonement was necessary in view of:

- (1) the justice of God
- (2) the holiness of God
- (3) the sentence pronounced on sin should be executed

4. The Nature of the Atonement was that it:

- (1) rendered satisfaction to God
- (2) was vicarious (substitutionary)

And it included both the active and the passive obedience

5. When we talk about “limited atonement,” what we mean is that Christ died to secure the salvation of His people.
