## Application Questions

1. Memorials help us remember! What is your favorite memorial? Why?
2. Read Joshua 4. What did God want Israel to remember?
3. How does this story point us to what God wants us to remember?
4. Can you think of a time or a situation in which remembering the gospel changed your perspective, attitude, mood, and/or behavior? If so, share with one another.
5. Is there anything going on in your life right now that is robbing you of joy? If so, share with one another. After someone has shared, help him/her remember the gospel and draw out the implications of the gospel to their situation. (Remember: "Resolve to know nothing but Christ and him crucified.")
6. Close by praying that each participant in our group, and our church will remember the gospel and as a result our neighbors will know what real joy looks like.
