

## Unpacking Big Questions – a C3Houston Teaching Series

### How Should We Think about Origins?

Psalm 19:1 / 6.04.17

Doesn't science disprove the Biblical account of creation? Is it possible to believe in the God of the Bible and evolution? How can I stand up for what I believe in a world that is biased against creationism?---- Let's reason together (Isaiah 1:18) and remember Jesus' warning: we should be careful how we listen (Luke 8:18).

There are 2 mind-boggling possibilities for the existence of all that we see:

1. God

2. Chance

What does the Bible say?

What scientific evidence supports a Biblical understanding of creation?

So what?

---

**Digging Deeper:** The Bible states scientific facts before they were discovered by science!

For instance, the 2<sup>nd</sup> Law of Thermodynamics, see Psalm 102:25-26. Earth is round: Isaiah 40:22. Sub-atomic relationship between protons, electrons and neutrons: Hebrews 11:3

**Next Sunday:** *Real Life; Real Hope: resuming our teaching series with 2 Thessalonians*

Thanks for giving faithfully online (C3Houston.org) or via the offering boxes at the exits

***Should you desire prayer or counsel with a member of our Elder Team,  
we are down front at the close of each worship service***
