What would you suggest as a topic for our next semester WTC class?

It really is a joy to study God's word with you ladies. I commend all of you who persevere in the class to learn and grow in Christ and in His Word. You may be sure that such labor will be rewarded by God. When we sow to the Spirit, God returns that labor with the fruit of inward knowledge and grace of character that abounds to His glory through the fruits of righteousness that He works in our life.

May you all be better women, sisters, mothers, students, friends, workers, leaders and servants of God.

Let sister Sammi teach us that it is not vain to draw near to God, submit to Christ, learn of Him and from him about God through himself. For only by this means will you not only know for sure who He is, but also go to others with the gospel, because it makes such an impact in our lives, personally.

Enjoy your time off. PJ
